BOOST AUTOMOBILES INDIA PVT. LTD.
DELHI (INDIA)

About Us

Boost Automobiles India Pvt. Ltd. was established in the year 1990 and has been in the business of Manufacturing and Exporting of Rubber Beltings for Power Transmission and Low Pressure Hoses/Radiator Hoses.

Boost has become the industry benchmark over the years in the field of manufacturing for its state-of-the-art facilities accredited with **ISO 9001:2015 Quality Management Systems & ISI Quality Certificate accredited by Bureau of Indian Standards.**

Major Industries we cater to:

Our products have a wide range of application in sectors like Automobiles, Heavy Earth Moving Equipments, Heavy Engines, Agriculture, Industrial Machinery, Marine Industry, Modified Heavy Vehicles.

Our Key Strengths:

Quality:

Our rigid quality control at all stages of production ensures we compete with the Best in the World. We give High Quality product which ensures high precision, tolerance, heat resistance, good chemical stability and long-term durability. All our production of ISI Industrial V-belt is carried out, keeping in mind all procedures and parameters as per BIS standard IS 2494.

Infrastructure:

We are well-equipped with all the latest testing equipments to ensure the best quality product. We cater innovation and product development at par with global competitive standards. We have a team of highly skilled and technically qualified engineers, who make sure that each and every unit that goes out of the production is best in Quality. Our large and widespread network of channel partners across the country ensures that our customers get efficient and timely pre-sales consultancy and post sales service through our qualified and trained application engineers.

Widespread Client Network:

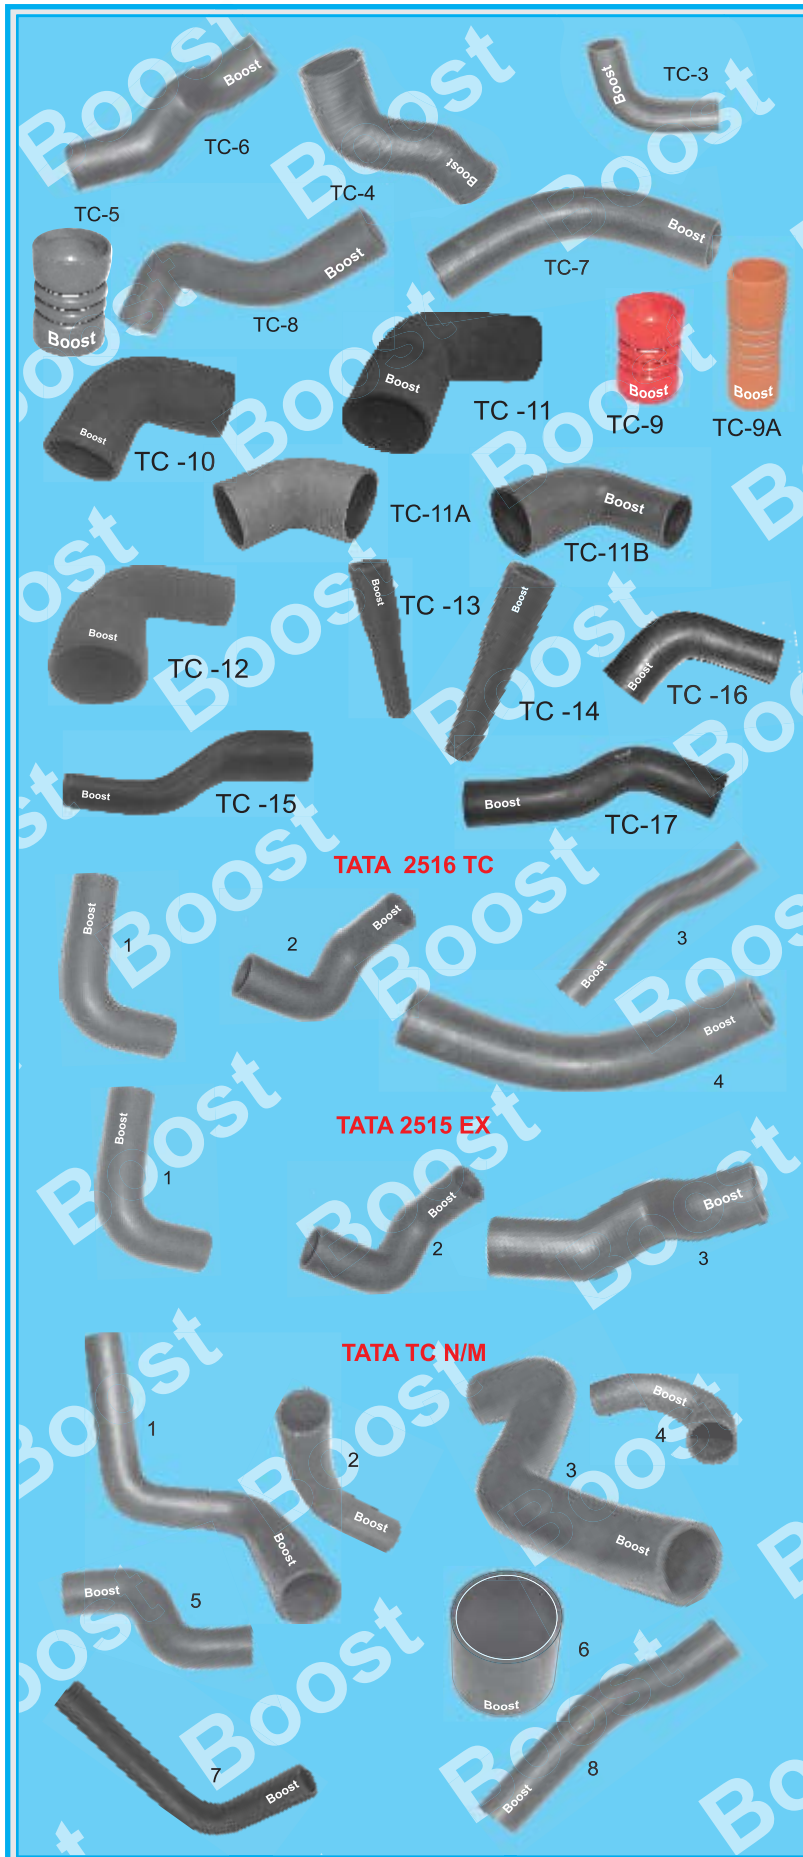

The hard-earned trust of our clients is our main strength that we have built over decades. Boost as a brand enjoys a leadership position in replacement markets PAN India. Our high quality standards enable us to spread our market throughout the globe. Our major export client base is in Middle East Countries, Europe, UK and Africa. We are OE supplier to many reputed companies.

Experience:

Since last 47 years, we are into the manufacturing of Radiator Hoses, in different shapes for various applications like automobiles, agricultural uses, various engines and for industrial purposes. We have millions of shapes in hoses to serve Indian as well as global markets. We also undertake production as per given drawings, specifications or samples.
